

COAL VALLEY RESOURCES INC. – *Obed Mountain Mine*

A Subsidiary of WESTMORELAND COAL COMPANY

Weekly Update Report : January 22nd - January 28th, 2015

Prepared on: January 29th, 2015

Prepared by: Kari McDonald

Health and Safety:

- *Fatigue can impact your ability to focus due to slower reaction time and a reduced ability to process information. Before you begin your day take a moment to assess your energy levels as self awareness will help reduce the potential for fatigue related incidents.*

Weather

Current weather trends for the Hinton / Obed region indicate a cooling trend with average day time temperatures around -8; with the wind chill temperatures will feel more like -12. Light snow fall is forecasted for early next week.

Sampling and Monitoring Activities

- Sampling and monitoring, as per the Long Term Sampling and monitoring and EPEA requirements has returned to normal winter schedules.
- An impact statement regarding the absence of sampling due to the incident will be included in the January EPO Monthly Report, to be issued February 5th, 2015.

EPO Schedule – Spring 2015

A schedule of EPO action and activities is currently under development and will be submitted to the AER the 3rd week of February. The schedule will outline planned activities for Q2 and Q3.

Personnel (during the period)

- Backwoods – Monday-Tuesday 4 remainder of the week 2.

EPO Operations Update:

There are no EPO specific operations to report for the defined period.
